Case Study 7

Build a Web Site, Part 7

Overview section
In this lab you will continue working on your Web site by exploring your copyright standing and security for your Web.

Components Section
The components needed for this lab are:

- A PC connected to the internet
- HTML Editor or other tool

Lab Length: 4-6 Hours
Lab
1. Continue working on your Web site by determining your trademark or copyright standing. Insert required notations to your Web.

3. Continue adding functionality to your Web site.

4. Describe your process. Explain the problems you had and what you learned from this exercise.

5. Send your answers/conclusions and FINAL Web pages via email to jrobinson@westnetinc.com. I will post your Web so classmates can view and critique.
